The new conditions
in the stock of

Marlin Arms

should greatly benefit the common stock and cause it to take a leading position in the market. The record of the most successful munition makers in the country and its future outlook was never brighter than now.

An Unequalled Record

For the past 30 years or more the securities of Public Utility Companies have established an unequalled record for safety and income yield. They have retained this record through periods of adjustment and stress and strain. They offer an excellent form of investment.

Six Industrials

With prices of listed industrial stocks down to a level which again permits attainment of liberal dividends, there is particular incentive for discriminating investors. Six industrial opportunities are described in our Circular R-19.
